CLEARINGHOUSE RULE 17-088

Comments

[NOTE: All citations to “Manual” in the comments below are to the Administrative Rules Procedures Manual, prepared by the Legislative Reference Bureau and the Legislative Council Staff, dated December 2014.]

5. Clarity, Grammar, Punctuation and Use of Plain Language

a. In the text of the rule, the identification of subd. 40. should be shown in regular font, rather than italicized.

b. In the scientific names for the controlled substances, the board on occasion uses regular font when using the term “1H” and sometimes italicizes the letter so the term reads “1*H*”. The letter “N” is also italicized, as it appears after the identification of subd. 40. It appears the font should be revised for consistency.
